

*Long Creek Sunday School info*

*Welcome to the Long Creek Church Sunday school. We are excited to have your child involved. Our desire is to teach your child about God's love for him/her and help them as they begin their life long relationship with our Lord. We are praying that through this program they will learn the Bible stories, but also see how God is involved and helping each of us every day of our lives. Your child is a blessing to us and we are so thankful to know them and we are praying we are a blessing to them as well.*

*Our program involves group praise and worship and lessons age appropriate for each child. There is always at least one teacher or helper present in the building who is trained in CPR and first aid.*

*Each of our teachers and helpers have an up to date criminal record check, with vulnerable sector check.*

*If you have any questions, please contact us at any time. And if you would like to be involved in planning, teaching, providing snacks, or anything else you can think of please let us know. We would LOVE to have you.*

*We are continually praying for your child. Please keep us in your prayers as we enjoy this time with your child.*

*Blessings,*
